KRUD RADIO

BY Brian Wilson & Jim Tyler

Copyright by ON AIR Software All Rights Reserved www.krud.com

Brittein saaret

774	8.2.	0732-	G: BBC R Kent. Säätä ja liikennettä. JVH
1170	9.2.	0600-	G: Magic 1170, Stockton. Uutispuuroa. MSO
1368	8.2.	1732-	G: BBC R Lincolnshire, Lincoln. Keskitälven "top t emperature + 12 Celcius". JVH
1368	8.2.	1733-	G: Manx R, Douglas, Isle of Man. Mies on Lincolnia vahvempi, mot. JVH

Iberia

1602	6.2.	1800-	E: R Vitoria, Vitoria-Gasteiz. Melko tasavahvasti Cartagenan ja Waddenzeen kanssa, jotka myös idasivat tasan kieppeillä. JVH
------	------	-------	--

Afrikka

1566	15.2.	0420-	BEN: TWR Benin. Puoleen saakka afrokieltä, sitten englantia mukavalla kuuluvuudella. PEH
1566	17.2.	0454-	- Vahvasti taajuuden brittien säestämänä. Englantia 0500 UTC asti, jonka jälkeen puoli tuntia paikallisilla murteilla ja taas englanniksi 0530 UTC alkaen. TEJ

Aasia

558	8.2.	1320-1330	CHN: CNR, Xinjiang-Ug, Urumqi. Uusi tuttavuus mainioilla keleillä, lähettää uiguuriksi. Tavalliset japanilaisetkin olivat perjantaina ja torstaina äänessä. SSS
666	4.2.	2020-2110	PHL: DZRH Manila. Huuhteli kutsuidejä ohjelman lomassa. Tämä taajuus on tainnut unohtua kansalta tsekata, vaikka asema tuntuu kuuluvan helpohkosti, kun illalla Liettuun tehomyly on hiljaa. TK
702	4.2.	2100-	PHL: DZAS Valenzuela. Selkeä IDi eurojen ja kiinalaisen puristuksessa juuri tasalta. Tämäkin taajuus tuntuu olevan illalla auki. TK
1062	4.2.	2100-	PHL: DZEC Eagle Broadcasting, Pasig. Tälläkin iso idi tasalla, liekö aloitellut päiväänsä. TK
1260	28.8.04	1903-	CALCEL TWN: Cheng Sheng BC, Putzi. 'Zhen Shen Guan Bo Dien Tai'. Aseman identiteetti varmistui vasta taiwanilaisen kuuntelijan avustuksella. Perun tämän lokauksen, koska asemalta tuli jo kauan sitten vastaus, että tämä ei ole heidän ohjelmaansa. On uskottava asemaa, vaikka taiwanilainen kuuntelija idin nauhoituksesta löysikin... JHY/V
1269	8.2.	1350-1405	PHL: Bombo Radyo. Ei call-idiä, mutta Bombo & puhelinnumero. Kummallista keliä, taajuudella Kiinan FS + filsu, myöhemmin heikosti alkoi tulla myös DLF (ant. BOG 300 m NE veden ja loskan alla). Lienee taajuuden tavallisin filsu. SDR:stä kaivettu. TK
1386	6.2.	1600-	J: JOJB NHK-2 Kanazawa. Lopetusseremoniat. Aikaisemmin tässä tuli Kiinaa, Intiaa ja Thaimaata. Mukava puhdas taajuus - toistaiseksi. JSA

Pohjois-Amerikka

1320	10.2.	0145-	CAN: CKEC New Glasgow NS. Yön ainoa stabiili TA. Sporttia ja "94,1 East Coast FM"-kuulutuksia. Äänessä Kevin Reid. JVH
1390	8.2.	0604-	USA: WEGP Presque Isle ME. Wx. Kovin NA-signaali koti-QTH:n stumpeilla tähän mennessä. JVH
1450	17.2.	0040-	BER: VSB-1 Hamilton. Ilmoitetaan nyt, kun kuului paremmin kuin viimeksi. Alkuperäishittejä viime vuosisadan puolivälin tienoilta. MSO
1540	17.2.	0700-	CAN: CHIN Toronto, ON. Jo musavalikoima kavalsi aseman ennen asemakuulutusta. Italiaa, hyvin tähän aikaan. MSO
1540	24.1.	0727-	USA: WDCD Albany, NY. Samaan aikaan mielenkiintoiset 1380 kiinaa WKDM? ja 1330 espanjaa. Ja tällä taajuudella puhuttiin tietysti kielillä. MSO
1560	16.2.	0556-	USA: WQEW New York NY. Disney-id taajuutta kopaistessa. SA-NA-asemaa luettavuuden rajamailla 1390:stä ylöspäin. JVH
1630	9.2.	0602-	USA: KKGM Forth Worth TX. legal-id:ssä "Morteson Broadcasting station" - uusi asema mulle. Kiva. JNU
1650	9.2.	0606-	USA: KWHN Forth Smith AR. "newstalk 1650" ja jatkoi C2C:n tutun tunnarin hiipiessä aalloille. Uusi jenkiosavaltio. Jihaa! JNU
1660	16.2.	0550-	USA: WCNZ Marco Island FL. TEJ
	16.2.	0557-	- Aamun vahvin. Heitti "Relevant Radio dot com" taajuutta ohitettaessa. JVH
1670	17.2.	0549-	USA: WVVM Dry Branch GA. Tasalta kutsu, muuten "Viva 16-70" ja lattari-mx. Jotenkin nämä etelän asemat, varsinkin kotona kuultuna, yhä sävättävät, X-bandin "inflatorisesta" vaikutuksesta huolimatta. Samalla 1680 ja 1700 lujaa, 1190 asti töhinöitä. JVH
	17.2.	0552-	- Idasi sopivasti "Viva 16-70" juuri taajuudelle tullessani. Kuului tosi heiveröisesti ja painuikin pian kohinaan musiikkia soitellen. Uusi asema minulle. TEJ
1680	16.2.	0540-	USA: WLAA Winter Garden FL. TEJ
1690	9.2.	0600-	USA: WMLB Avondale Estates GA. VOice of the Arts. Ei ihan hirmu yleinen tuttavuus etelässä. JNU
1700	9.2.	0550-	USA: KVNS Brownsville TX. "Oldies Radio, 17-hundred KVNS Brownsville...". Vahvasti 62 m "beveragella"... JVH
	9.2.	0602-	- "Oldies Radio, Classic Rock & Roll". Tosi vahvasti, alla toinen jenkki, ilmeisesti WEUP. TEJ
	9.2.	0559-	- Laitetaan tämäkin, kun tuli niin hienosti. Leveä kaista ja oldies-musaa olisi voinut kuunnella pidempäänkin. JNU
1700	9.2.	0552-	USA: WEUP Huntsville AL. Nousi gospeleineen pariin otteeseen texasilaisen rinnalle. "WEUP, the people's station, praising God...". JVH
1700	17.2.	0557-	USA: WJCC Miami Springs FL. Idit pari minuuttia ennen tasaa sekä espanjaksi että englanniksi. "W-J-C-C 17-00 AM". TEJ

Keski-Amerikka

1320	17.2.	2330-	PTR: WSKN R Isla, San Juan. Nousi mukavasti kertoillen nimensä. Tämän saaren asemia tuli edellisyönäkin mm. 1390 WISA (NoID). MSO
1340	9.2.	0558-	CUB: CMFL R. Ciudad del Mar, Palmira. 10 kiloa ylempänä tuli paremmin pinkan päällimmäisenä. Tämä lienee kuitenkin harvinaisempi? JNU
1350	9.2.	0558-	CUB: CMFL R. Ciudad del Mar, Aguada de Pasajeros. "Esta es C-M-F-L Radio Ciudad del Mar..." näitisti päällimmäisenä. JNU
1430	9.2.	0605-0630	DOM: HIJC Radio Emanuel, Santiago. Niinpä se asema sanoo - TNX JNU! Aluksi PR (seis-trenta) vahvempi, mutta dominikaani alkoi taistella taajuudesta. Krediitit niille, jotka aseman ekana löysivät (taisi olla JMS ekana), vaikka viime vuoden eräessä tallenteessani taitaa olla tämä myös (ehkä arkistot on avattava...). TK
	9.2.	0610-	- "...Republica Dominicana.... Santiago de America transmite Radio Emanuel, la primera..." Johan oli herätys tähän aamuun. Kannattaa muuten joka aamu kuulla uusi asema, vaikka sitten tallenteelta. Tuli hienosti, ja himassa!! JNU
1570	9.2.	0610-	MEX: XERF Cd. Acuna. JM
	9.2.	0630-	- TEJ
	9.2.	0635-	- Paukkumalla. "Sintoniza Usted XERF La Poderosa 15-70 en AM...". JVH

Etelä-Amerikka

680	7.2.	0554-	CLM: R Nacional de Colombia, Sabanagrande. MSO
730	7.2.	0602-	CLM: HJCU R Lider, Bogota. MSO
780	7.2.	0538-	VEN: YVMN R Coro, Coro. Aseman kello on ruvennut jättämään koskapa edisti enää minuutin. MSO
1250	9.2.	0603-	CLM: HJCA R Capital, Bogotá. MSO
	9.2.	0605-	- JM
	9.2.	0621-	- JVH
1290	9.2.	0628-	VEN: YVLF R Puerto Cabello, Puerto Cabello. Lujaa. JVH
1300	1.1.	0310-	VEN: YVNS R Amistad, Maracaibo. Nauhojen kelaus toi muutamia aiemmin havaitsemattomia esiin. MCK/N
1320	9.2.	0611-	VEN: YVWP R Apolo, Turmero. Uusi tuttavuus, mutta vain jingle ja erittäin menevää musisointia. JVH
1390	31.1.	0500-	VEN: YVZA Radio Fe y Alegría, Caracas. Tämä ja 1620 tulivat luettavasti + liuta töhinöitä. JVH
1460	9.2.	0600-	CLM: HJJW Em Nuevo Continente, Bogotá. MSO
1470	18.2.	0530-0555	VEN: YVJW R Llanerísima 1470, Valencia. Dominoi, Vibrasta ei väräystäkkään. Ihme, että vain kerran lokattu OLLissa aiemmin. Nautittavaa musisointia, maistui uudelta, vaikka Latinan QSL on kansiossa. Erilaisia idejä, mm. "En Llanerísima 14-70 es la 1 y 20 minutos hora CNB". JVH

	18.2.	0600-	- Ihmettelin juuri tallennuksesta purkamaani asemaa ja päätin kurkata OLLiin. No, asema kuultu samana aamuna by JVH. MSO
1470	10.2.	0215-	VEN: YVSY R Vibración, Carúpano. "En Vibración son las 9.45 minutos". JVH
1550	9.2.	0602-	CLM: HJZI MCI Radio, Bogotá. MSO
1580	9.2.	0600-	CLM: HJQT R Mar, Bogotá. Pientä epävarmuutta id:ssä, mutta päädyin taas tähän höyläämisen jälkeen... JM

CROATIA

Winter B-07 schedule of HRT HS-1 in Croatian via Deanovec(100 kW, non dir.) to Western Europe and North Africa: 0557-0856 on 6165, ex 0457-0856; 0857-1356 on 9830, no change; 1357-2156 on 6165, ex 1357-2356; 2157-0556 on 3985v only 010 kW, ex 2357-0456. (Ivanov, via BC-DX and Gupta, Jan 09) DXW

IRELAND

567 MW. Irish public broadcaster RTÉ plans to axe Radio 1's MW service on Mar 24. RTÉ believes the transmission cost can no longer be justified, since the content is now available elsewhere. The MW service shares almost all its content with the FM version of Radio 1, except for Sunday religious services and a midweek soccer game. But the decision has been criticised by rural listener and politicians. There is to be a public information campaign ahead of the switch-off date. This will highlight the fact that the full Radio 1 MW service will remain available on longwave (252 kHz). It is also available on the Sky Digital platform. RTÉ is also talking to charities about providing subsidised radios for those who do not have sets with FM or longwave. The station's research shows that one in ten radio listeners use the MW version of Radio 1, with the service particularly popular with the elderly and those living in remote areas. Fine Gael communications spokesman Simon Coveney said shutting down mediumwave transmissions has implications for people in rural parts of the country and at sea. "This is a public service broadcaster and this should not be abandoned", he said. Labour communications and marine spokesman Michael McCarthy said the decision would have the biggest implications for fishermen working 50 or 100 miles off the coast and relying on the broadcasts for weather reports and for farmers. (Independent.ie via Media Network Blogs Jan 19, via Al-Amin) DXW

NETHERLANDS

Arrow Classic Rock will be replaced by Catholic Radio Maria on the frequency of 675 kHz in the Netherlands. The transmitter is located in Lopik, and has a power of 120 kilowatts. According to DutchMedia Weblog, test broadcasts starting on February 1 will consist of music and announcements, with proper programming beginning later. Radio Maria was founded in Italy in 1983. Currently Radio Maria broadcasts in 15 languages in more than 40 nations.

(DXing.info, January 26, 2008)

1485 Rijswijk - The Netherlands back on air. Terrible broken modulation. Horrible reception. Cannot get any ID. Either it's Haagstad Radio or a new service.

Dave Onley via MWDX (29/1-2008) MWI

UNITED KINGDOM

Glasgow community station Celtic Music Radio has begun broadcasting on 1530 kHz mediumwave. The first test broadcasts aired on January 12, and regular AM broadcasting began on January 16. The transmitter power is about 70 watts. Transmitter site is Shieldhall Wharf on the Clyde to the west of the city. The station has a 5-year Community Radio licence. Celtic Music Radio intends to be a cultural voice for contemporary and traditional Scottish music and song. You can contact the station by writing to the studio at: Celtic Music Radio (Studio), Hunter Centre for Entrepreneurship, University of Strathclyde, Livingstone Tower, 26 Richmond Street, Glasgow G1 1XH, United Kingdom (also [email](#)), or by writing to the administration/head office address: Celtic Music Radio Ltd, 153 Queen Street, Glasgow G1 3BJ, United Kingdom, or by [email](#).

Information about the station was published by Dave Kenny on the BDXC mailing list on January 14.

(DXing.info, January 18, 2008)

WRTH

WRTH is pleased to announce that a file containing updates to the winter schedules of international broadcasters is now available to download from the WRTH website at:

<http://www.wrth.com>

The file is in pdf format and runs to 9 pages with a file size of 81kB. You will need the free

Adobe Acrobat reader (version 5 or above) in order to view the file.

We hope you find this file a useful accompaniment to the printed WRTH.

ASIAN-OCEANIAN NEWS

compiled by Jari Savolainen
tel 05 - 3631 791 email jsa@sdxl.org

ARMENIA: On 4810 kHz only Foreign Services, no more Home Service (Jan 10). (Rumen Pankov, Bulgaria, Jan 14, wwdxc BC-DX Jan 18 via DXLD)

Public Radio of Armenia Foreign Service on 4810 kHz: 0430-0500 Persian, 1315-1545 Azeri, Turkish and other MEast languages, 1900-1930 Arabic. No more Home Service on short waves (Rumen Pankov, Sofia, Bulgaria / "open_dx" via Rus-DX Jan 20 via DXLD)

BHUTAN: 6035, Bhutan Broadcasting Service, Sangaygang, checked them from 2355: no signal till 0055 when heard weak tone and carrier. Then suddenly at 0100 started music. I feel since the SW would not propagate at 0000, they bring up the transmitter on SW at 0100 straight into the programme. On Jan 06 at 0033 I was hearing them weak, a bit stronger at 0050 but bad splatter from 6030 Bible Voice to India from Wertachtal (500 kW). (Goonetilleke, WORLD OF RADIO 1390, DXLD)

It seems they have a new s/on time around 0100. I heard them at *0050, Jan 04; *0100-0140, Jan 05; on Jan 07 it was very weak and only audible at 0140-0155; *0100 on Jan 08, instrumental music, native songs, talks in Dzongkha, 34333 (Anker Petersen, Denmark, DSWCI DX Window Jan 9 via DXLD)

CHINA: QSL received: 5860, Voice of Jinling. Partial-data "reception card" (mostly in Chinese) depicting an ornate city gate on

the front, plus a small sheet showing traditional Chinese artwork with a personal note written on the back. Received in about a month for an English report emailed to the friendly Liu Ruoyi, Editor, whose email address is missing a letter in Passport 2008. (It's liuruoyi [not "liuruoy"] at hotmail dot com). Ms. Liu had emailed back in a day or two to verify my report and inform me that a QSL was on the way (Mark Schiefelbein, MO, DXLD)

CHINA: Beijing PBS News Service on 828 kHz now operating 24 hrs service. (ex 2130-1700 UT). Programme sked of Beijing PBS is not updated.

Notes: [1] power 400w unless specified
[2] this list requires local monitoring to confirm on air status as data is largely based on internet research
[3] location is usually the larger urban area within which the transmitter site is located, not the actual site itself
[4] a large number of additional Rete Italia outlets are planned to come on air during 2008
[5] a more detailed list of all licenced stations will be available shortly within the Pacific Asian Log © at <http://www.radioheritage.net>

Freq: Location State Station
1611
Canberra ACT Lake Tuggeranong Secondary College [5w]

Perth WA 2ME

1665
Sydney NSW 2MM

1683
Sydney NSW Club AM [Greek]

1701
Melbourne VIC Islamic Voice Radio [Arabic]

Brisbane QLD Radio Brisvaani [Hindi]

With the departure of the Radio 2 network [bankruptcy] and with a couple of exceptions, the situation on 1611-1701 kHz is very little changed from the situation 15 years ago when ethnic formats [mainly Arabic and Greek] predominated. DRM tests are permitted on 1647 [Sydney] and 1701 [Sydney]. Unfortunately, existing commercial radio station owners have very successfully blocked the development of these frequencies to date (Jan NZ DX Times via DXLD)

AUSTRALIA: 5050, ARDS, NT. An E-mail from Dale Chesson indicates that the HF station is still off air due to transmitter issues but they hope to be on air by the end of January 2008 (Dan Henderson in DXplorer, via DSWCI DX Window Jan 23 via DXLD)

MICRONESIA: I just received an email from Roland Weibel at The Cross Radio in Micronesia regarding my inquiry about their antenna problem. Roland states:

"Thanks for your inquiry. Sorry, we are still off the air with the SW. We don't have the new antenna up yet."

Please check our website for info:

<http://www.pmapacific.org/ministries/radio/shortwave.php>

Website says: "Our short-wave station 4755 kHz has been off the air since Oct. 20, 2007. We are changing our antenna and we will be

back in January or February 2008. Please check back for updates." (Steve Lare, Holland, MI, UT Jan 21, dxldyg via DXLD)

Their call signs are sw 4755: V6MP and FM 88.5: V6MA (JSA)

VANUATU: R. Vanuatu. The SW towers and other facilities are in good condition, but the transmitters are not, thus the problems you have hearing Radio Vanuatu on SW at present.

As part of an international aid program, the MW and SW transmitters are being replaced. The two NZ funded new MW transmitters are on air and operating well on 1125 and 1179 and providing excellent MW coverage.

However, the new Australian government seems to be reviewing its part of the aid program, and, as a result, the new DRM capable SW transmitters have still not arrived in Vanuatu.

A technician was due to fly out about now to install them but his visit is postponed until the project resumes. Just when that will be is currently uncertain. Thanks for your kind words about our projects.
